

## **ENVIRONMENTAL POLICY STATEMENT**

Knox & Wells Ltd are fully committed to continually improving its environmental performance and to the prevention of pollution throughout all its operational processes. This is achieved through the continuous evaluation, monitoring and improvement of its environmental aspects and impacts and through the identification, evaluation and full compliance to all legal and other relevant regulations relating to its environmental aspects and impacts. The company has identified which of its activities have the most significant impact on the environment and has set objectives and improvement plans to reduce and manage these impacts. Company objectives have been clearly communicated and made available to all interested parties. Through regular management review the company provides a framework for the assessment of its environmental performance, compliance management and continuous improvement of all environmental impacts. The signing and publication of this policy document clearly demonstrates the commitment of the Managing Director to the continuous improvement of the company's environmental performance through the implementation of an independently verified Environmental Management System.

Guy Leach - Managing Director
